SKILLS

Javascript, React, Typescript, Next, Jest, React Testing Library, Redux, Nodejs, MongoDB, HTML, CSS, SASS, Tailwind CSS

PROFESSIONAL EXPERIENCE

ARNOLD HOLDINGS
Team Lead - React   **March 2025 - Present**

- Led cross-functional delivery of key admin features—including **AI-driven enhancements using OpenAI APIs**—while **mentoring a team of three junior developers** and improving operational efficiency and data reliability.
- **Drove quality and stability initiatives** by streamlining error handling, reducing false alerts in Rollbar, and enforcing cleaner development and deployment practices across the codebase.
- Implemented **end-to-end payment integrations** with Paynimo, Cashfree, and Razorpay, enabling seamless and secure transactions and reducing payment-related customer issues.

NEOSOFT TECHNOLOGIES
Software Engineer   **Sep 2022 - March 2025**

- **Led a team of 4 developers** to build **Tap2Crack**, an EdTech platform with real-time gamified quizzes, boosting student engagement by over **40%** and achieving over **95% Lighthouse scores** across performance, accessibility, and best practices.
- **Developed scalable, reusable frontend components** and dynamic forms, while **maintaining and enhancing 6 repositories** for an active Fintech business to ensure long-term scalability and consistency.

EXPERTRONS
Software Developer   **July 2021 - Sep 2022**

- **Built scalable, reusable UI components** and **high-performance admin panels**, improving frontend efficiency and maintainability, while contributing to **backend development of the flagship Academy+ feature**, boosting app stability from **56% to 98%**.
- **Recognized with three 'Employee of the Month' awards** within 5 months among a **45-developer team** for consistently delivering high-impact, reliable solutions.

TECHZILLA INDIA INFOTECH
Full Stack Developer   **Nov 2019 - April 2021**

- Developed a **full-stack EdTech platform** with a team of three using the MERN stack and **Firebase** authentication, delivering live lectures, MCQ tests, and real-time chat.

PROJECTS (linktr.ee/mohiyuddinshaikh)

FULL STACK QUIZ APP (demo)

- **Built a responsive Quiz app** with **MERN, Redux, and SASS**, enabling users to take quizzes, track scores, and view leaderboards in a dynamic, interactive UI.

UNO CARD GAME (demo)

- **Engineered a web-based UNO game** in under a week using **React and SASS**, replicating official rules and enabling **multiplayer functionality** for seamless online gameplay.

EDUCATION

MUMBAI UNIVERSITY   **2015-2019**
Bachelor of Engineering (Computer Engineering)   **8.0**
